

Institutional Best Practices

- **Using Solar Energy:** We use solar power to save electricity and help the environment.
- **Saving Rainwater:** We collect and use rainwater to avoid wasting water.
- **Managing Waste:** We recycle e-waste and manage solid waste responsibly.
- **Planting Trees:** We grow and maintain trees to make the campus green and beautiful.
- **Plastic and Tobacco-Free Campus:** We do not allow plastic or tobacco on campus to keep it clean and healthy.
- **Empowering Students through Scholarships:** The Management Scholarship Program offers financial assistance to economically weaker students, helping them achieve their academic and career goals.
