Nagpur,

Subject: – Industrial Visit to Software Development Company.

Respected Sir,

Warm Regards from Swaminarayan Siddhanta Institute of Technology, Nagpur. SSIT is one of the most promising and upcoming Engineering Institutions in Vidarbha region. The college is a part of Sarvasiddhanta Education Society which caters to cultivating students in the field of Engineering. It comes under the umbrella of Rashtrasant Tukadoji Maharaj Nagpur University and is affiliated to AICTE.

As a professional education institute involved in producing engineers, it is imperative for us that our students are industry relevant and ready. As such we feel the urge for high amount of student interaction with the industrial setup. Hence, we encourage our students to maximize their industry interaction in ways such as industrial visits and projects. This helps them to get practical experience of theoretical knowledge that they acquire in their curriculum.

Our students from the Department of Electronics and Telecommunication Engineering are eager to visit your Software Development Company as a part of their industrial visit. The students will be accompanied along with 2 faculties from the same department. I ensure you of a disciplined behavior from our students during the visit.

We are very grateful to you that if you give permission for industrial visit on 07th March 2024 as discussed telephonically.

Introduction:

Department of Computer Engineering in collaboration with IQAC and IIC, from Swaminarayan Siddhanta Institute of Technology College arranged one day Industrial Visit for students of Computer Engineering Department to "Anishree Technologies, Manish Nagar, NAGPUR dated 7th March, 2024 for better technical knowledge enhancement of students.

Visit is important especially important in the field of Engineering as the practice of engineering has an inherent (and unavoidable) impact on society. These programs can be a powerful tool to constitute a positive industrial climate and can range from basic manufacturing system programs for students. Overall, the aim of all these visit to trains the students to adapting to changing scenario of technology. After visit students can identify their own efficiency and performance which important for their career, improving work efficiency and confidence.

Purpose:

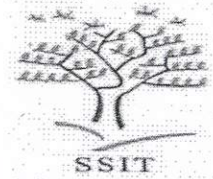

Industrial visits are an integral part of Engineering and acknowledgment of technological up gradation. The purpose of industrial visit for students is to provide technical knowledge with the technological development in the industry and to understand the gap between the theoretical and practical knowledge that could be passed in future. This experience can help students to provided information regarding functioning of various industries and associated problems and Limitations.

Interfacing with the industry also provides a chance to build networks and hone their communication skills. Moreover, the participating organizations also gain by getting refined students from the respective institute which could also help in improving their economy.

It will also give Opportunity to interact with Industry Experts: Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporates who share their wisdom, learning, and experiences.

What We Learn? :-

On 7th March 2024 we reached at Anishree Technologies LLP, Nagpur by 12:30 PM. We got the entry at 12:45 PM. There are various departments in the Company.

Mr. Santosh Selokar (Managing Director) started the session by a brief introduction about company. The schedule is attached for more details. He shared her experience of IT sector with us and guide for the other trends. It was a practical session.

He is specialized in web development. He guides us about the following:

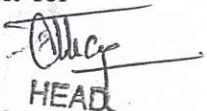

1. HTML
2. CSS
3. How to create forms?
4. How to validate form?

Conclusion:

From this visit, we got the information and practical knowledge about Web Development. Students got the knowledge about testing the Web Application and its development. They got the idea how to host the web pages.

Students of 4th, 6th and 8th Semester Computer Engineering of Swaminarayan Siddhanta Institute of Technology College, Katol road Nagpur & faculty named Prof. Vaishnavi Vhora benefited from this visit as she got chance to discussion with managing director and the team. Students were eagerly to say organizing this type of industrial visit for practical exposure which shows the success of this visit.

CERTIFICATE OF TRAINING & INTERNSHIP

FRONT-END DEVELOPMENT

Ref: CT/IT/OFLT/2024/08

TO WHOM-SO-EVER IT MAY CONCERN

This is to certify that **Tushar Nandeshwar** has undergone Certified Industrial Training and Internship-2024 at our Tech Cubical. Located at Nagpur from 24th February 2024 to 24th April 2024.

The candidate has taken specific training in Web Development Training & Internship and overall knowledge about project components.

During the tenure, **Tushar Nandeshwar** was involved in his work dedicatedly. We found him very active in whatever task we have provided to him. He is professionally sound, hard-working and a devoted staff. We wish him for better prospects in studies as well as in career.

All the very best for his future endeavor.

Thanks and best wishes,

Subject: Invitation for Expert Lecture on "Recent Innovation in Civil Engineering Structure".

Respected Mam,

It gives us immense gratification to enlighten you that Department of Civil Engineering, Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur is organizing Expert Lecture on "Recent Innovation in Civil Engineering Structure" in collaboration with IQAC for Civil Engineering students on 23/03/2024 at 11:30 am. It will endow with a platform to exchange knowledge among young technocrats. It will be our pleasure and honor to seek your august as an Expert for guest lecture. Your association is significant in ensuring a great success to the event.

Thanking you.

Title	Expert Lecture
Name of Activity	Expert Lecture on "Recent Innovation in Civil Engineering Structure"
Date	23/03/2024 & 11:30 AM
Venue	Google Meet (Online)
Organized by	Department of Civil Engineering in Collaboration with IQAC, SSIT, Nagpur
Name of Expert	Dr. B. V. Bahoria, Assistant Professor, YCCE, Nagpur.
Participated by	Students of Civil Engineering Department, SSIT, Nagpur
Activity In-charge	Mr. Rohit Deshmukh
Content	The expert lecture focuses on : <ol style="list-style-type: none">1. New construction materials uses.2. Concept of self-compacting concrete.3. The effects of using waste material during concrete preparation.4. A brief outline of Light weight concrete.5. Benefits of SCC and LWC in recent construction.
Objective	The objectives of Expert program was: <ol style="list-style-type: none">1. To understand the various new techniques used in construction.2. To prepare the students for industry oriented.3. To understand the benefits of SCC & LWC.
Outcome of Activity	<ol style="list-style-type: none">1. Understanding the concept of Self-compacting concrete.2. Students came to know about the effects & uses of self-compacting concrete.3. Knowing about various applications of Light Weight Concrete.

To,
The Managing Director,
Anishree Technologix LLP,
Nagpur,

Subject: – Industrial Visit to Software Development Company.

Respected Sir,

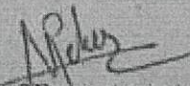

Warm Regards from Swaminarayan Siddhanta Institute of Technology, Nagpur. SSIT is one of the most promising and upcoming Engineering Institutions in Vidarbha region. The college is a part of Sarvasiddhanta Education Society which caters to cultivating students in the field of Engineering. It comes under the umbrella of Rashtrasant Tukadoji Maharaj Nagpur University and is affiliated to AICTE.

As a professional education institute involved in producing engineers, it is imperative for us that our students are industry relevant and ready. As such we feel the urge for high amount of student interaction with the industrial setup. Hence, we encourage our students to maximize their industry interaction in ways such as industrial visits and projects. This helps them to get practical experience of theoretical knowledge that they acquire in their curriculum.

Our students from the Department of Electronics and Telecommunication Engineering are eager to visit your Software Development Company as a part of their industrial visit. The students will be accompanied along with 2 faculties from the same department. I ensure you of a disciplined behavior from our students during the visit.

We are very grateful to you that if you give permission for industrial visit on 07th March 2024 as discussed telephonically.

A Report on
**One Day Industrial Visit for Electronics and Telecommunication
Engineering Degree Students At
Anishree Technologies LLP, Nagpur**

Industrial Visit Coordinator:

Assi. Prof. Pratiksha Musale

(Department of Electronics and Telecommunication Engineering)

Organized By:

Department of Electronics and
Telecommunication Engineering, SSIT
College, Khapri Nagpur-441501

Date: 7th March, 2024

Principal

Swaminarayan Siddhanta Institute
of Technology, Kalmeshwar,
Dist. Nagpur-441501

Introduction:

Department of Electronics and Telecommunication Engineering from Swaminarayan Siddhanta Institute of Technology College arranged one day Industrial Visit for Second, Third and Final year Degree students to "Anishree Technologies LLP, Nagpur" dated 7th March, 2024 for better technical knowledge enhancement of students.

Upon arrival at Anishree Technologies LLP, located in Nagpur, the students were greeted by the company's representatives who gave an overview of the company's history, mission, and vision. The students were then divided into groups and guided through various departments and sections of the company.

Purpose:

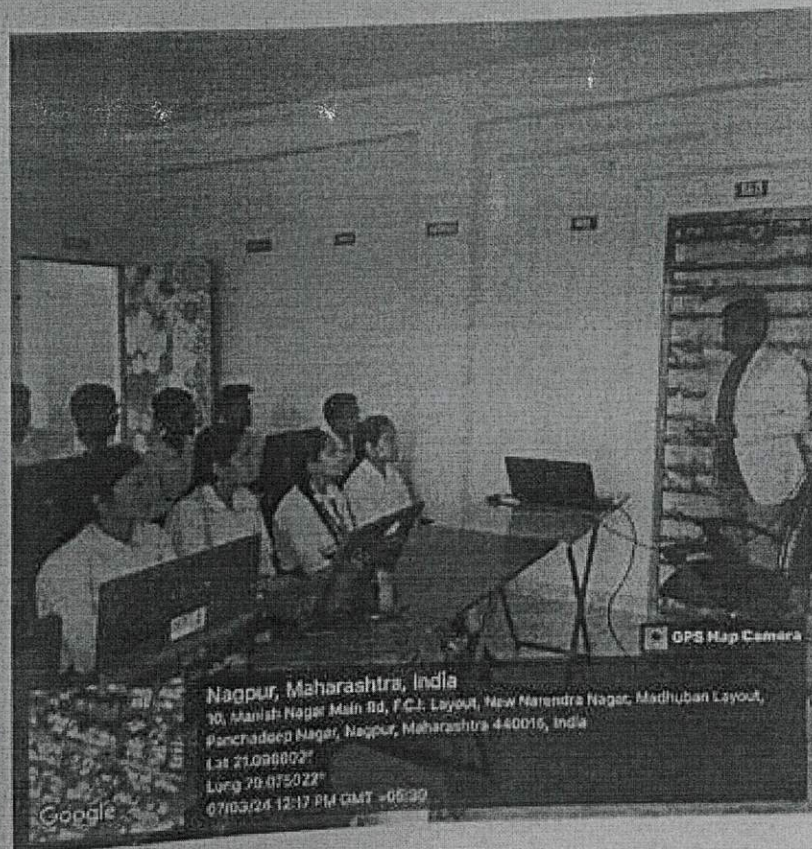

Industrial visits provide students with firsthand exposure to real-world engineering practices and technologies. It helps them understand how theoretical concepts taught in classrooms are applied in actual industrial settings. Exposure to different industrial environments during visits can help students explore various career paths within their field of engineering. It gives them a clearer understanding of job roles, responsibilities, and career prospects.

Principal

Company Profile

Anishree Technology is dedicated and professional website designing and Software Development Company based in Nagpur, India. It is also a well verified Software Development company with high skilled IT experts catering result oriented and cost competitive solutions to SMEs across the world. This company also provides Digital Marketing.

Mr. Santosh Selokar the Managing Director of Anishree Technology, Nagpur. He has done his MBA (IT & Marketing). He has Started entrepreneurship in the year 2010. He designed and developed web applications across multiple APIs, third party integrations and databases. Also built product for desktop and mobile app users over 14 years. He has Wide 14 years of experience in the area of IT training and software development and implementing strategies over a multi state territory

Principal

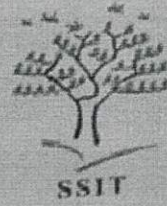

Conclusion:

The industrial visit to Anishree Technology provided valuable insights and practical exposure to the students, complementing their academic learning. They gained a deeper understanding of the software development lifecycle, project management practices, quality assurance procedures, and client interactions. The visit not only enhanced their knowledge but also motivated them to pursue careers in the dynamic field of software development. We express our gratitude to Anishree Technology for their hospitality and enriching experience provided to the students.

Students of Second, Third and Final year Electronics and Telecommunication Engineering of Swaminarayan Siddhanta Institute of Technology College, Katol road Nagpur & faculty named Assitant Professor Ms.Pratiksha Musale benefited from this visit as they got chance to discussion with Managing Director and other experties working at industry.
