Dushant Dhamdhar
Proctor and Gamble (P&G),
Campus Ambassador.

Respected Sir,

On behalf of Swaminarayan Siddhanta Institute of Technology, Nagpur, we would like to express our heartfelt gratitude for your enlightening and impactful session on Soft Skills Development held on 27th March 2024. Your engaging presentation and insightful discussions have truly made a lasting impression on our students and faculty.

The valuable knowledge and real-world examples you shared helped our students understand the significance of soft skills, including communication, leadership, teamwork, and time management. We deeply appreciate the time and effort you took to be with us, and we hope to have the pleasure of welcoming you again for future events.

Once again, thank you for your invaluable contribution. We look forward to staying connected and continuing this positive association.

Warm regards,

Dushant

Report

Title	Seminar on "Soft Skills Development"
Date & Time	27/03/2024 at 3:00 PM
Resource person	Mr. Dushant Dhamdhar
Organising Committee	Training & Placement Cell, SSIT, Nagpur
Mode of Conduction	Offline Mode
No. of Participants	60
Objective	1.To define and explain the importance of soft skills 2.To improve communication skills 3.To develop teamwork and collaboration skills 4.To enhance time management and organizational skills
Summary	Respected sir explains about the primary objective was to help participants understand what soft skills are and how they differ from technical skills (hard skills). The importance of soft skills in career growth and personal development was emphasized. They talk about how to enhance verbal, non-verbal, and written communication, focusing on effective listening and clear articulation. They introduced to techniques that promote better teamwork, problem-solving in group settings, and the ability to work collaboratively with others. They Introduced time management tools like to-do lists, prioritization matrices, and time-blocking techniques. Also encouraged to set achievable goals and stay organized to improve productivity. The seminar on "Soft Skills Development" successfully met its objectives by providing participants with a better understanding of the critical role soft skills play in both professional and personal success.

Subject: Gillette Guard presents "Kar Lo SAFALTA mutthi mein"

Respected Sir/ Madam,

It gives me immense pleasure to inform you that Gillette Guard is back with its flagship program "Kar Lo SAFALTA mutthi mein" for the students of your esteemed institution. This program is designed to empower the students with tips for grooming to build confidence that will allow them to excel in their upcoming professional journey. The SAFALTA program will focus on A, B, C of grooming:

- A: **Appear** your confident best self to make the best first impressions
- B: **Body Language** that emits positivity & confidence
- C: **Communicate** confidently & sharply

Each participating student will win an assured Gillette Guard razor that will enable them to kick-start their journey of grooming!

As a part of the program, our partners also intend to offer paid internships & job opportunities to certain participating students, basis criteria determined by our partners. For further details in this regard, please enquire with our partners.

Details concerning participation in the program will be shared by our representative.

We seek your support & encouragement to make this program successful & beneficial for all the students. We are confident that your students will make your institution proud.

Looking forward to enthusiastic participation

from your students Best Regards

Team Gillette Guard SAFALTA by P&G

"Yoga for Vasudhaiva Kutumbakam"- a special yoga session

To promote physical health and mental well-being on "International YOGA Day"

Title	"Yoga for Vasudhaiva Kutumbakam"- a special yoga session
Date & Timing	21 st June 2023 at 10.30 am onwards
Organising Committee	National Service Scheme (NSS) in collaboration with "Abhaya"- the Women Development Cell, & IQAC
Venue	Seminar Hall, SSIT College Campus
No. of Participants	48
Objective	<ul style="list-style-type: none"> • To introduce students to the physical and emotional benefits of yoga to enhance overall well-being. • To equip students with tools for managing academic pressures and fostering mental resilience.
Summary	<p>The NSS Unit, in partnership with "Abhaya"- the Women Development Cell, and the IQAC of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur, conducted a special yoga session on June 21, 2023, in celebration of International Yoga Day. This time the theme was "Yoga for Vasudhaiva Kutumbakam". All teaching and non-teaching personnel as well as our students took part. Students and faculty from Shriram Mahavidyalaya & Junior College in Sonegaon were also invited to a yoga session.</p> <p>The event saw active participation from both teaching and non-teaching staff, as well as students from our institute. Additionally, students and faculty members from Shriram Mahavidyalaya & Junior College, Sonegaon, were invited to be a part of this enriching yoga session, further fostering inter-institutional collaboration and promoting holistic well-being.</p> <p>The session was a great success, fostering unity and reinforcing the value of yoga as a tool for personal and communal growth. The NSS Unit, along with the organizing committees, expressed their gratitude to the participants for their enthusiasm and to the faculty and students of Shriram Mahavidyalaya & Junior College, Sonegaon, for their participation.</p>

NOTICE

All the faculties of Computer Department are hereby informed that. Computer department is going to organize the One Week Value Added Course program in collaboration with IQAC Department from 03/07/2023 to 07/07/2023. In this regard all are requested to attend the meeting at HOD cabin on 23/06/2023 at 02.00 pm to discuss the following agenda.

Agenda:

1. Approval of workshop & Budget sanction from the Principal
2. Finalization of topics for workshop
3. Finalization of Resource Persons
4. Portfolio distribution

Minutes of Meeting

Following topics were discussed in the meeting held on 23/06/2023 at 02.00 pm at HOD cabin:

Agenda 1: With reference to Agenda 1, following topics has been finalized.

Day1: Introduction to Basics of Web Programming, Internet and World Wide Web, HTML 5.

Day2: Navigation, Layouts, Tables, Forms and Media

Day3: Java Script, Documents and its associated objects & Event and Event Handlers,

Day4: Basic of PHP, Control Structure and looping, Functions and methods.

Day5: Introduction to advanced PHP and MYSQL.

Agenda 2: With reference to the topics finalized, Resource Person is Mr. Shreenik Patil, Web Developer, Cpgemini Pune.

Agenda 3: Department is organizing One Week Value Added Course from 3rd to 7th July 2023. The schedule for the same is as follows.

Day	Date	Time	Topic
1	03/07/2023	10:00am – 10:30am	Inauguration
		10:30 am – 1:00 pm	Introduction to Basics of Web Programming.
		02:00 pm – 5:00 pm	Internet and World Wide Web, HTML 5.
2	04/07/2023	10:00 am –12:00pm	Navigation
		01:00 pm – 3:00 pm	Introduction to Layouts.
		03:00 pm – 4:00 pm	Tables
		04:00 pm – 5:00 pm	Forms and Media.
3	05/07/2023	10:00am – 10:30am	Introduction to Java Script.
		10:30 am – 1:00 pm	Documents and its associated objects & Event.
		02:00 pm – 5:00 pm	Event Handlers.
4	06/07/2023	10:00am – 10:30am	Introduction to Basic of PHP
		10:30 am – 1:00 pm	Control Structure and looping.
		02:00 pm – 5:00 pm	Functions and methods.
5	07/07/2023	10:00am – 10:30am	Introduction to advanced PHP
		10:30 am – 1:00 pm	MYSQL and its connectivity.
		02:00 pm – 5:00 pm	Principal of Web Technology.

Agenda 4: To carry out the conduction of workshop, following are the portfolios and respective incharge.

Sr. No.	Name of Activity	Name of Faculty Incharge	Coordinator
1	Overall Coordination & Accounts	Ms. Tejal Hirekhan	Day 1: Ms. Tejal Hirekhan Day 2: Ms. Vaishnavi vohra Day 3: Ms. Kalyani Deshmukh Day 4: Ms. Tejal Hirekhan Day 5: Ms. Shraddha Gawalkar
2	Office communication, communication with Resource persons	Ms. Tejal Hirekhan	
3	Preparing Brochure/ Schedule/ Reports/ Banners/ Feedback	Ms. Vainnavi Vhora	
4	Overall Session Coordinator	Ms. Shraddha Gawalkar	

The meeting ended with a formal vote of thanks.

Subject: Invitation Letter

Respected Sir,

On behalf of organizing committee, we would like to invite you as a 'Resource Person' for One Week Value Added Course Program on "Introduction to Basics of Web Programming" organized by Department of Computer Engineering in collaboration with IQAC, Swaminarayan Siddhanta Institute of Technology, Nagpur. We request you to participate in this Value Added Course Program as a 'Resource Person' for the above mentioned topic and offer your expertise and guidance. Thanking you and looking forward to your positive reply as the earliest.

Thanking you,

Details:

- Date & Time: 03/07/2023 to 07/07/2023 10:00 AM to 05:00 PM
- Mode of Conduction: **Offline**

Coordinator: Ms. Tejal Hirekhan

Appreciation Letter

To,
Mr. Shreenik Patil,
Web Developer,
Capgemini Pune.

Respected Sir,

I would like to take this opportunity to thank you for the stirring speech you gave us at the Value Added Course on "Introduction to Basics of Web Programming" organized by Computer Engineering Department, Swaminarayan Siddhanta Institute of Technology, Nagpur. Everyone present at the occasion was not only in awe of your knowledge, but also greatly impressed by your presenting style.

It was a great pleasure to listen to your wise words and learn so much from it. I take this opportunity to thank you on behalf of our entire committee and faculties who were captivated by your talk.

I am extremely grateful to you to touch on the topic "Introduction to Basics of Web Programming" in your speech and create so much awareness regarding the same. It would be our immense pleasure to invite you once more to spread awareness around the subject in the near future. Thank you once again!

Sincerely,

Head of Department

SUMMARY REPORT	
Title	Introduction to Basics of Web Programming
Name of Activity	One Week Value Added Course
Date	03/07/2023 to 07/07/2023
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Computer Engineering Department, SSIT and IQAC
Name of Expert	Mr. Shreenik Patil Web Developer, Capgemini Pune.
Participated by	Students of Computer Engineering Department, SSIT
Activity In-charge	Prof. Tejal Hirekhan, Prof. Kalyani Deshmukhi
Content	The Expert lecture focuses on : 1. Introduction to Basics of Web Programming, Internet and World Wide Web, HTML 5. 2. Navigation, Layouts, Tables, Forms and Media 3. Java Script, Documents and its associated objects & Event and Event Handlers. 4. Basic of PHP, Control Structure and looping, Functions and methods. 5. Introduction to advanced PHP and MYSQL.
Objective	The objectives of the Workshop was ; 1. The role of a Web developer is to employ various programming techniques and tools to deliver high-quality results. 2. Learn how to create and maintain quality web pages, learn about web design standards and why they're important. 3 To provide knowledge and hands on experience.
Summary	Expert Lecture was conducted by the department of Computer Engineering; SSIT Nagpur on 03.07.2023 from 10:00 am to 05:00 pm by Mr. Shreenik Patil, Web Developer in Capgemini Pune has taken workshop on topic "Introduction to Basics of Web Programming" for Computer Engineering Students in Seminar Hall. Total of around 67 students and staff participated in this program. The speaker enlightens the students with different topics of web technology. He delivers the session with the help of some animated videos and PPT that explain how websites can be created and designed. At the end of the session students ask their doubts regarding the topics covered in session.

Outcome of Activity	<ol style="list-style-type: none">1. Develop skills in configuring and managing Web design.2. Understanding website Data Management.3. Understand, apply and be able to evaluate various techniques for creating large and maintainable "static" websites.

Appreciation Letter

Dear Sir,

It was a wonderful experience having you at Computer Engineering Department of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur among all of us.

We thank you from the bottom of our heart for taking time from your busy schedule to be the expert speaker at our expert lecture. Your presence and wise words helped magnify our cause in the best possible way. Our expert lecture was a huge success. All thanks to your enlightening words that inspired so many students out there.

We look forward to our next interaction soon. Wishing you all the best for your future endeavors.

Report of Expert Lecture on Python From Basic To Advance	
Title	" Python From Basic To Advance "
Name of Activity	Expert Lecture
Date	12/01/24
Venue	Seminar Hall, SSIT College
Organized by	Computer Engineering Department
Name of Expert	Mr. Kartik Ghormade
No. of Participants	47
Activity In-charge	Prof. Vaishnavi Vhora
Content	<ol style="list-style-type: none"> 1. Basics of Python 2. Python Modules 3. How to import model into script 4. Python and Shell
Objective	To improve programing Skills of students.
Summary	Expert Lecture was conducted by the department of CE, SSIT,Nagpur on 12.01.2024 from 12.00 pm to 2.00 pm. By Mr. Kartik Ghormade, SoftBuzz Private Limited has taken expert lecture on topic "Python Form Basic to Advance" for Computer Engineering students in Seminar Hall. Total of around 47 students and staff participated in this program. The speaker covers all the topics from basic to advance. The session was based on practical knowledge completely. At the end of the session students ask their doubts regarding the topics covered in session.
Outcome of Activity	<ol style="list-style-type: none"> 1. Students come to know what is python, who to write codes in python?

A Report of Guest Lecture

On

"How C language is Important and Benefits of it"

Title	How C language is Important and Benefits of it.
Date / Time	30 th September 2023 at 1:30 to 3:30 pm
Organized by	The Department of First Year Engineering in collaboration with IQAC
Venue	Smart Classroom
No. of Student Participants	41
No. of Staff Participants	02
Objective	To educate the students about C language foundational role in programming, operating systems development, embedded systems, and high-performance applications.
Summary	<p>The Department of First Year Engineering in collaboration with IQAC had successfully organized a guest lecture on "How C language is Important and Benefits of it" on 30 September 2023 at 1:30 to 3:30 pm which was delivered by Dr. Pratik Hajare, Expert Speaker, SSIT, Nagpur.</p> <p>Our First Year Engineering student Mr. Prathamesh Adchule introduced the guest and Ms. Aditi Ambulkar proposed the vote of thanks. The guest lecture was interactive and focused on expression, selection statement, loops, basic types, array concept in C, function, pointers and files. He explained how to implement the concepts in real world scenario and shared more information about real-time development procedure in IT also explained the scope of B. Tech in IT Sector. Finally, he interacted with the students and cleared all the doubts raised by the students. Dean Academics, Mr. Vivek Gawali Sir & Dr. Debabrata Dey sir for guidance and motivation to plan guest lectures, Seminars and workshop for the all-round development of the students along with academics. The seminar was coordinated by Prof. Nakul Shenode and Prof. Neha Kawathe.</p>

On

Computer Programming Basics: "Introduction to Python or C++"

Title	Computer Programming Basics: "Introduction to Python or C++"
Date / Time	23 rd March 2024 at 1.30 to 3.30 pm
Organized by	The Department of First Year Engineering in collaboration with IQAC
Venue	Smart Classroom
No. of Student Participants	41
No. of Staff Participants	02
Objective	The objective of this course is to provide students with a foundational understanding of computer programming concepts using either Python or C++. By the end of the course, students will be able to understand the basic syntax and structure of Python or C++ programming languages, write, debug, and execute simple programs, and apply fundamental programming concepts such as variables, data types, control structures, functions, and loops.
Summary	<p>The Department of First Year Engineering in collaboration with IQAC had successfully organized a guest lecture on Computer Programming Basics: "Introduction to Python or C++" on 23rd March 2024 from 1.30 to 3:30 pm which was delivered by Dr. Nilesh Gole, Expert Speaker, HOD CE, VIT Nagpur.</p> <p>Our First Year Engineering student Mr. Saksham Badole introduced the guest and Ms. Vaishnavi Salode proposed the vote of thanks. The guest lecture was interactive and focused on a foundational understanding of computer programming concepts using either Python or C++. By the end of the course, students will be able to understand the basic syntax and structure of Python or C++ programming languages, write, debug, and execute simple programs, and apply fundamental programming concepts such as variables, data types, control structures, functions, and loops. They will also be able to implement basic problem-solving techniques through coding exercises and projects and develop the skills necessary to further explore advanced topics in computer science and software development. Finally, Sir interacted with the students and cleared all the doubts raised by the students. Dean Academics, Mr. Vivek Gawali Sir & Dr. Debabrata Dey sir for guidance and motivation to plan guest lectures, Seminars and workshops for the all-round development of the students along with academics. The seminar was coordinated by Prof. Nakul Shenode and Prof. Neha Kawathe.</p>

Subject: Invitation for Guest Lecture on "Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking"

Dear Mam,

It gives us immense gratification to enlighten you that the Department of First Year in collaboration with IQAC of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur is organizing a Guest Lecture on "Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking" for all students on 14-05-2024 at 1:30 to 2:30 pm. It will endow with a platform to exchange knowledge among young technocrats. It will be our pleasure and honour to seek your August as an Expert for a guest lecture. Your association is significant in ensuring the great success of the event.

We are thanking you.

Details of Guest Lecture:

- Date & Time: 14-05-2024 & 1:30 to 2:30 pm
 - Mode of Conduction: Offline (Interactive Classroom)
- Coordinator: Prof Nakul Shenode

Appreciation Letter

Dear Mam

It was a wonderful experience having you at the Department of First Year of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur among all of us. We were truly motivated by your presence of compassion and vigour for the Guest Lecture on "Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking" for all the students. We believe that this meeting of ours will certainly turn out to be a remarkable one for the budding engineers in their field of excellence.

Sir, we would like to extend our humble gratitude to you for spending your precious time with us. It was our privilege to have you here with us.

Thanking you.

A Report of Guest Lecture

On

“Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking”

Title	Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking
Date / Time	14 th May 2024 at 1.30 to 2.30 pm
Organized by	The Department of First Year Engineering in collaboration with IQAC
Venue	Smart Classroom
No. of Student Participants	45
No. of Staff Participants	02
Objective	To educate the students about the C language's foundational role in Multi-Threading, operating systems development embedded systems, and high-performance applications.
Summary	<p>The Department of First Year Engineering in collaboration with IQAC successfully organized a guest lecture on “Advanced C Programming Concepts: Multi-Threading, Sockets, and Networking” on 14th May 2024 from 1:30 to 2:30 pm which was delivered by Ms. Mayuri Botre, Expert Speaker, Assistant Professor CE Dept., S.B. Jain Institute of Technology, Nagpur.</p> <p>Our First Year Engineering student Mr. Prathamesh Khodke introduced the guest and Ms. Akanksha Kharbikar proposed the vote of thanks. The guest lecture was interactive and focused on real-world applications and best practices, providing a solid foundation for developing high-performance, scalable, and secure applications using advanced C programming concepts. Finally, she interacted with the students and cleared all the doubts raised by the students. Dean Academics, Mr. Vivek Gawali Sir & Dr. Debabrata Dey sir for guidance and motivation to plan guest lectures, Seminars and workshops for the all-round development of the students along with academics. The seminar was coordinated by Prof. Nakul Shenode and Prof. Neha Kawathe.</p>

Subject: Invitation for Expert Lecture on 'Artificial Intelligence, Robotics and Its Impact on Society'

Dear Sir/Madam,

We are extremely pleased to inform you that Department of Electronics & Telecommunication Engineering of Swaminarayan Siddhanta Institute of Technology, Khapri, Kalmeshwar, Nagpur is organizing Expert Lecture on 'Artificial Intelligence, Robotics and Its Impact on Society' for Electronics & Telecommunication Engineering Department students on 09-03-2024. We believe your guidance will be very helpful to our students. We would be pleased and honored if you will share your knowledge. Looking forward for your cooperation and will be obliged to see you here.

Thanking you.

SUMMARY REPORT	
Title	Artificial Intelligence, Robotics and Its Impact on Society
Name of Activity	Expert Lecture
Date	09 th March 2024
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Department of Electronics and Telecommunication Engineering & IQAC
Resource Person	Mr. Vikrant A. Pure
Participated by	26 Students
Activity In-charge	Ms. Reshma Pawar, Mr. Amit Gedam
Program Content	<ol style="list-style-type: none"> 1. Introduction 2. Productivity level will increase 3. Spare Humans from Risks 4. A Reduction in Human Error 5. Unemployment – Loss of jobs to machines 6. The Future of Privacy is concerning 7. Humans are becoming Lazy 8. Impact on Human being
Program Objective	The aim of expert lecture is to discuss AI can help workers automate repetitive or dangerous tasks, analyze large amounts of data, and generate insights and solutions. Robotics can assist workers in manufacturing, agriculture, and health care, as well as provide educational tools and platforms.
Program Outcome	In this expert lecture, The integration of AI in robotics has had a significant impact on various industries, revolutionizing processes, improving efficiency, and enhancing safety. AI-powered robots have the potential to transform healthcare, manufacturing, transportation, and service sectors.

SUMMARY REPORT

Title	IOT in Artificial Intelligence
Name of Activity	Expert Lecture
Date	4 th September 2023
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Department of Electronics and Telecommunication Engineering & IQAC
Resource Person	Dr. Rahul Nawkhare
Participated by	22 Students
Activity In-charge	Ms. Ankita V. Rekkawar
Program Content	<ol style="list-style-type: none"> 1. Introduction to IOT and Artificial Intelligence 2. What role does AI play in IoT systems 3. What is the impact of AI in improving IoT systems 4. Evaluate the impact of AI in IoT systems. 5. What are the potential challenges and limitations of integrating AI into IoT systems
Program Objective	The aim of this lecture is to educate students how the convergence of Internet of Things (IoT) and Artificial Intelligence (AI) has created a transformative synergy revolutionizing various industries.
Program Outcome	In this course, students aware about AI and IoT & how they are closely related and how they work together to create more intelligent and connected systems. Students know how IoT devices generate data used to work with AI algorithms, which can then be used to make decisions and control IoT devices.

Dear Sir,

It gives us immense gratification to enlighten you that Department of Electronics & Telecommunication Engineering Department of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur is organizing Expert Lecture on "Robotics and Automation in Electronic Industries" for Third & Final Year students on 26-08-2023 at 12:30 pm onwards. It will endow with a platform to exchange knowledge among young technocrats. It will be our pleasure and honor to seek your august as an Expert for guest lecture. Your association is significant in ensuring a great success to the event.

Thanking you.

Details of Expert Lecture:

SUMMARY REPORT

Title	Robotics and Automation in Electronic Industries
Name of Activity	Expert Lecture
Date	26 th August 2023
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Department of Electronics and Telecommunication Engineering & IQAC
Resource Person	Dr. Salim Chavan
Participated by	21 Students
Activity In-charge	Ms. Ankita V. Rekkawar
Program Content	<ol style="list-style-type: none"> 1. Brief overview of the current state of the electronics industry. 2. Evolution of Robotics in Electronics Manufacturing 3. Automation Technologies in Electronics 4. Robotics Applications in Electronics 5. Industry 4.0 and Smart Manufacturing 6. Challenges and Solutions
Program Objective	The aim of this lecture is educate students with a solid foundation in the fundamental Concepts of robotics and automation in the context of the electronics industry.
Program Outcome	In this course, students able to design and implement Robotic Systems, Communicate Effectively, Analyze and solve complex problems.
Name of Activity:- Expert Lecture

Subject: Requirement for Value Added Course on Cyber Security

Respected mam,

With reference to the notice dated on 26/12/2023, as we are planning to take Cyber Security Value Added Course from 2nd January 2024 to 6th January 2024 requirement for this course is either smart board classroom or a classroom having projector setup for five days from 2nd January 2024 to 6th January 2024 also remuneration and snacks for instructor for five days.

I request you to grant the requirements to take the value added course on above mentioned date.

Thanking you.

Value Added Course incharge
(Ms. Reshma V. Pawar)

Principal
Swaminarayan Siddhanta Institute
Kalmeshwar,
St. Nagpur-441 111

OBJECTIVES OF THE COURSE

The aim of this course is to equip students with the technical knowledge and skills needed to protect and defend against cyber threats & to develop skills in students that can help them plan, implement, and monitor cyber security mechanisms to ensure the protection of information technology assets.

TOPICS TO BE COVERED:

Day	Topic
Day 1	Session 1: Welcome and Seminar Overview Session 2: Cyber security Fundamentals and Landscape
Day 2	Session 1: Advanced Threat Intelligence Session 2: Advanced Persistent Threats
Day 3	Session 1: Quantum Cryptography & Block chain Session 2: Secure Communication Protocols
Day 4	Session 1: Ethical Hacking and Penetration Testing Session 2: Wireless and Mobile Security
Day 5	Session 1: Securing Cloud Infrastructures Session 2: Virtualization Security

Who Shall Attend?

This Workshop is mainly intended for students of Electronics & Telecommunication Engineering Department.

Registration Fee: Nil

SUMMARY REPORT	
Title	Cyber Security
Name of Activity	Value Added Course
Date	2 nd January 2024 to 6 th January 2024
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Department of Electronics and Telecommunication Engineering & IQAC
Resource Person	Prof. Lovelesh N. Yadav
Participated by	31
Activity In-charge	Ms. Rucha R. Shastrakar, Mr. Amit Gedam
Program Content	<ol style="list-style-type: none"> 1. Introduction on Cyber Security 2. Cyber security fundamentals and landscape 3. Advance threat intelligence 4. Advanced persistent threats (APTs) 5. Quantum cryptography & block chain 6. Secure communication protocols 7. Ethical hacking and penetration testing 8. Wireless and mobile security 9. Securing cloud infrastructures 10. Virtualization security
Program Objective	The aim of course is to discuss real life use cases on Cyber security and also Understand the importance of cyber security in protecting digital assets and learn principles like confidentiality, integrity, and availability.
Program Outcome	In this Workshop, Upon completion of these topics, participants will gain a comprehensive understanding of key cyber security principles, threats, and defense mechanisms. They will be equipped with practical skills to secure networks, systems, and data across various platforms and technologies.

Subject: Invitation for Value Added Course on "Internet of Things"

Respected madam,

It gives us immense gratification to enlighten you that Department of Electronics & Telecommunication Engineering of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur is organizing Value Added Course on "Internet of Things" for Electronics and Telecommunication Engineering students from 10/10/2023 to 14/10/2023 at 10:00am to 4:30pm. It will endow with a platform to exchange knowledge among young technocrats. It will be our pleasure and honor to seek your august as an Expert for value added course. Your association is significant in ensuring a great success to the event.

Thanking you,

Details of Value Added Course:

Date & Time: 10/10/2023 to 14/10/2023 & 10:00 AM to 4:30 PM

Incharge: Ms. Reshma Pawar

Received
Reshma
R. Shastrakar

Date: 03/10/2023

NOTICE

All students are hereby informed that the Department of Electronics and Telecommunication Engineering, in collaboration with IQAC, will conduct a one-week Value Added Course on 'Internet of Things.' All students must enroll for the course by 6th October 2023.

The course will take place from 10th October 2023 to 14th October 2023, from 10:00 AM to 4:30 PM, in the department.

Subject: Requirement for Value Added Course on Internet of Things

Respected mam,

With reference to the notice dated on 03/10/2023, as we are planning to take Internet of Things Value Added Course from 10th October 2023 to 14th October 2023 requirement for this course is either smart board classroom or a classroom having projector setup for four days from 10th October 2023 to 13th October 2023 and on 14th October 2023 one computer lab also remuneration and snacks for instructor for five days.

I request you to grant the requirements to take the value added course on above mentioned date.

Thanking you.

TIME TABLE
Value Added Course on
"Internet of Things"
(From 10/10/2023 to 14/10/2023 - Total 30 Hours)

Day	Date	Topic	Time
Day 1	10/10/2023	Session 1: Introduction to IOT	10:00 am - 01:00 pm
		Session 2: IOT characteristics, IOT benefits	10:30 pm - 04:30 pm
Day 2	11/10/2023	Session 1: Technology behind IOT	10:00 am - 01:00 pm
		Session 2: Briefing of application of IOT	10:30 pm - 04:30 pm
Day 3	12/10/2023	Session 1: Sensor technology	10:00 am - 01:00 pm
		Session 2: Types of sensors and its working	10:30 pm - 04:30 pm
Day 4	13/10/2023	Session 1: Arduino simulation environment	10:00 am - 01:00 pm
		Session 2: Basic programming examples	10:30 pm - 04:30 pm
Day 5	14/10/2023	Session 1: Application study	10:00 am - 01:00 pm
		Session 2: Challenges, barriers and future of IOT	10:30 pm - 04:30 pm

Principal
Swaminarayan Siddhanta Institute
of Technology, Kalmeshwar,
Dist. Nagpur-441501

ABOUT THE COLLEGE

The Institute is established with an aim to provide engineering education with a difference. It is located at an easily reachable distance on Kalmeshwar-Katol road 32 km from Nagpur Airport and 28 km from Nagpur Railway Station and 4 km from Kalmeshwar Railway Station.

Swaminarayan Siddhanta Institute of Technology is spread over sprawling 11.84 acres of lush green campus. The majestic college building is equipped with large, spacious ergonomically designed classrooms, well equipped laboratories, spacious library with latest books and journal, seminar hall, IT Centre, beautiful designed cafeteria, sports field, workshop, staff rooms etc.

Swaminarayan Siddhanta Institute of Technology promotes lectures over Internet. Virtual labs to increase the sophistication of student and faculty experience. Institute is very much scalable to meet future growth.

ABOUT THE DEPARTMENT

The Electronics & Telecommunication Engineering is a most dynamically changing and ever evolving branch since last more than 100 years. Electronics is the foundation on which Information Technology and Computer Engineering has grown. All high speed networks and computers work on the hardware designed by an electronic engineer. The vision of the department is to satisfy the need of the industry and research organizations by producing informative and committed engineers. This is achieved by imparting in depth theoretical knowledge during the lectures followed by hands-on in state of-the-art laboratories. The department is also offering value added courses on variety of domains which are required to improvise the professional qualities of the budding engineers. All these become true only by the qualified and experienced faculties of the department.

Value Added Course Presentation on 'Internet of Things'

Day 1

Day - 01
 Session - 01
 Date - 18/10/2022

Starting from the Internet

- Internet spreads everywhere in the world
- IoT is a network connection through which people

What's the Internet of Things

History

- 1997, "The Internet of Things" is first used in the name of the Internet Project originally launched in 1997 under the title "Challenges to the future".
- 1998, Auto-ID Center founded in MIT
- 2003, IFC Global founded in MIT
- 2005, New research technologies of the internet of things were proposed in WWS conference.
- 2008, First international conference on internet of things (The IOT 2008) was held at Zurich.

What's the Internet of Things

- From any three any good connections for internet, we will have connectivity for internet.

Day 2

Day - 02
 Session - 01
 Date - 19/10/2022

Briefing of Application of IOT

Principal
 Swaminarayan Siddhanta Institute
 of Technology, Kalmeshwar,
 Dist. Nagpur-441501

Technology behind IOT

8. IPv6 (Internet Protocol version 6)
 Accommodates the vast number of unique IP addresses required for the multitude of IoT devices.
10. Standardization
 Organizations like the IOT Consortium (IOTC), IEEE, and others work on establishing common standards for interoperability, security, and communication protocols in the IoT ecosystem.
11. Power Management
 Efficient power management strategies are crucial for IoT devices, especially those running on battery power. Technologies such as energy harvesting and low-power components contribute to prolonged device lifetimes.
12. Remote Mobile Interface (RMI)
 Encourages user interfaces, dashboards, and applications that enable users to interact with and monitor IoT devices.

Briefing of Application of IOT

- Education: Using virtual and physical classrooms to make learning more efficient and accessible, offering diverse services to virtual classes and educational portals. Interchange of reports and results in real time. Offering learning, foreign language learning, attendance management.
- Consumer electronics: Smart phones, Smart TVs, laptops, computers and Mobile, Smart refrigerators, washers and dryers, Smart home fitness systems, Smart appliances, Pet collar services, Personalization of the user experience, Automobiles product operations, Personal location, Smart glasses.
- Health: Monitoring of vitals, diagnosis, improvement of the quality of care and quality of life for patients. Activity trackers, Remote diagnosis, Connected devices, Intelligent beds, Sport and fitness monitoring, Intelligent tags for smart drug usage tracking. Biometric authentication, Monitoring, safety, alarm.

Day 3

Internet of Things (IoT) Continued.....

Day - 03
 Session - 01
 Date - 10/11/2023

Sensor Technology

- NFC (Near Field Communication)
 Facilitates short-range communication between devices, commonly used in contactless payment systems and access control.
- LoRa Long Range
 Provides long-range, low-power communication suitable for IoT applications like smart agriculture and industrial monitoring.
- Cellular Networks
 Leveraging 3G, 4G, and now 5G, these networks provide reliable, widespread connectivity for IoT devices.
- Edge Computing
 Involves processing data closer to the source (device) rather than relying solely on centralized cloud servers, reducing latency and improving efficiency.

Types of IOT Sensors and its working

- The magic behind IoT sensors lies in their ability to convert physical phenomena into electrical signals. An environmental condition change, sensed through by generating electrical impulses proportional to these changes. This analog signal is then transformed into digital signals, paving the way for seamless integration into the digital landscape. The same principle is applied in temperature – turning the change heard into a language that computers and connected systems can understand.
- Types of IoT Sensors
 - There is a wide variety of IoT sensors designed to measure and collect data from the physical world. Each type of sensor serves a specific purpose and is used in various applications. Here are some common types of IoT sensors.
 - These sensors collectively contribute to the diverse capabilities of IoT devices, enabling applications across industries and enhancing efficiency, safety, and convenience in various domains.

Types of IOT Sensors and its working

- Soil Moisture Sensors: Measure the moisture content in soil and are used in agriculture for irrigation control and crop management.
- Weight Sensors (Load Cells): Measure force or weight, used in industrial applications, healthcare devices, and smart scales.
- Vibration Sensors: Detect vibrations and are used in predictive maintenance, structural health monitoring, and industrial equipment monitoring.
- Water Quality Sensors: Measure parameters such as pH, turbidity, and dissolved oxygen in water, applied in environmental monitoring and water quality control.
- RFID (Radio-Frequency Identification): Use radio waves to identify and track objects equipped with RFID tags. Applied in logistics, inventory management, and access control.

 of Technology, Kalmeshwar,
 Dist. Nagpur-441501**

Day 4

Internet of Things (IoT)
 Continued.....

Day : 04
 Session : 01
 Date : 12/05/2023

Arduino Simulation Tool

- 1. Programming Language:
 - Arduino programming language is based on C/C++ and it is designed to be accessible for beginners while allowing for more advanced programming.
 - It includes built-in functions for common tasks like reading analog and digital inputs, controlling outputs, and managing time delays.
- 2. Power Supply:
 - Arduino boards can be powered via USB or external power sources or a battery depending on the model.
 - Some boards have onboard voltage regulators for different power sources.
- 3. Input/Output (I/O) Pins:
 - Arduino boards feature digital and analog input/output pins for connecting sensors, actuators, and other external components.
 - Digital pins can be configured as inputs or outputs, while analog pins are used for analog read.

Arduino UNO Board

Arduino IDE (Integrated Development Environment):

Day 5

Internet of Things (IoT)
 Continued.....

Day : 05
 Session : 01
 Date : 13/05/2023

Application Study

Scenario: Health Care

- System needed for remote monitoring.
- Portable IoT sensor (based on BLE) for monitoring of glucose in the blood levels (connected to the cloud) for remote monitoring the patient's progress.
- Sensor and transmitter (connected to the cloud) and receiving station (cloud).
- Clouded IoT system stores the data and provides the report.
- Available over 24 hours in 24.

Appreciation Letter

Respected Madam,

It was a wonderful experience having you at Electronics & Telecommunication Engineering Department of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur among all of us. We were truly motivated by your presence of compassion and vigor for Value Added Course on "Internet of Things" for all students of Electronics and Telecommunication Engineering. We believe that this meeting of ours will certainly turn out to be a remarkable one for the budding engineers in their field of excellence.

Madam, we would like to extend our humble gratitude to you for spending your precious time with us. It was our privilege to have you here with us.

Thanking you.

SUMMARY REPORT

Title	Internet of Things
Name of Activity	Value Added Course
Date	10 th October 2023 to 14 th October 2023
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Department of Electronics and Telecommunication Engineering & IQAC
Resource Person	Ms. Rucha R. Shastrakar
Participated by	32 Students
Activity In-charge	Ms. Reshma Pawar, Mr. Amit Gedam
Program Content	<ol style="list-style-type: none"> 1. Introduction to IOT 2. IOT characteristics, IOT benefits 3. Technology behind IOT 4. Briefing of application of IOT 5. Sensor technology 6. Types of sensors and its working 7. Arduino simulation environment 8. Basic programming examples 9. Application study 10. Challenges, barriers and future of IOT
Program Objective	The aim of course is to discuss real life use cases on IoT application and make the session really interactive by providing an opportunity to suggest a solution to real life scenario.
Program Outcome	In this Workshop, how machine to machine connectivity is rapidly growing everywhere was discussed. Also the business benefits for connected devices and assets for remote location connectivity are instantly cleared.

Name of Activity:- Value Added Course
 (10:00 AM to 5:00 PM)

Date:-10th to 14th October 2023

Principal
 Swaminarayan Siddhanta Institute

Value Added Course Report on 'Internet of Things'

The Electronics and Telecommunication Engineering department arranges the various kinds of Value Added Course on continuous basis to enhance student's practical & technical skill and to make them compatible with industry. To fulfill departmental goal and industry need Electronics and Telecommunication Engineering department has organized "One week Value Added Course on "Internet of Things" during 10th October 2023 to 14th October 2023.

Detail Report of Value Added Course:

Title: Internet of Things

Resource person: Ms. Rucha R. Shastrakar (Software Developer)
Trust System and Software Pvt. Ltd, Nagpur

About Value Added Course:

The Internet of Things ('IoT') – all-embracing heterogeneous networks of smart devices hyper-connected with each other via the Internet – is on the rise and will become reality within the next five years. The decisive change accompanying the IoT will be its ubiquity; networked devices are everywhere. Like any technological progress, this development offers social and economic opportunities, but at the same time it also harbors risks and detrimental impact. Notably, the IoT is transforming and disrupting our daily lives faster than any other technology before.

Objective of Value Added Course:

The aim of course is to discuss real life use cases on IoT application and make the session really interactive by providing an opportunity to suggest a solution to real life scenario also to explore the state-of- art technologies in the area of Internet of Things (IoT) through a series of lectures delivered by eminent person Rucha R. Shastrakar working in this field and to provide some hands on experiences in setting up IoT platform with open source softwares.

Duration:

It's a Five day Value Added Course From 10/10/2023 to 14/10/2023 In this Five-day course, student gained valuable hands-on experience.

Principal
Swaminarayan Siddhanta Institute
of Technology, Kalmeshwar,
Dist. Nagpur-441501

Topics covered in Value Added Course:

- Introduction to IOT
- IOT characteristics, IOT benefits
- Technology behind IOT
- Briefing of application of IOT
- Sensor technology
- Types of sensors and its working
- Arduino simulation environment
- Basic programming examples
- Application study
- Challenges, barriers and future of IOT

Outcomes of attending the Value Added Course:

- What "the Internet of Things" means and how it relates to Cloud computing concepts
- How open platforms allow you to store your sensor data in the Cloud
- The basic usage of the Arduino environment for creating your own embedded projects at low cost
- How to connect your Arduino with your Android phone.
- How to send data to the Internet and talk to the Cloud.

Value Added Course was started by the informative and motivational talk. The workshop started with an inaugural function at 10:00 A.M. on 10th October, 2023 by HOD of Electronics and Telecommunication Ms Ankita Rekkawar Ms. Reshma Pawar is Incharge and Mr. Amit Gedam is the coordinator for this course they coordinated & executed one week of Internet of Things value added course appreciably to make it a successful value added course to enhance student's skill level.

Subject: Invitation Letter

Respected Sir,

On behalf of organizing committee, we would like to invite you as a 'Resource Person' for One Week Value Added Course Program on "Machine Learning" organized by Department of Computer Engineering in collaboration with IQAC, Swaminarayan Siddhanta Institute of Technology, Nagpur. We request you to participate in this Value Added Course Program as a 'Resource Person' for the above-mentioned topic and offer your expertise and guidance.
Thanking you and looking forward to your positive reply as the earliest.

Thanking you.

Details:

- Date & Time: 03/01/2024 to 07/01/2024 10:00 AM to 05:00 PM
- Mode of Conduction: **Offline**

Coordinator: Ms. Vaishnavi Vhora

TIME TABLE

**Value Added Course on
 "Machine Learning"**

(From 03/01/2024 to 07/01/2024 - Total 30 Hours)

Day	Date	Time	Topic
1	03/01/2024	10:00am – 10:30am	Inauguration
		10:30 am – 1:00 pm	Introduction to Machine learning and Evolution.
		02:00 pm – 5:00 pm	Basic definition of ML and Mathematical background of ML.
2	04/01/2024	10:00am – 10:30am	Building ML Algorithm, Steps to build the machine learning model.
		10:30 am – 1:00 pm	Linear regression model.
		02:00 pm – 5:00 pm	Classification model for machine learning.
3	05/01/2024	10:00am – 10:30am	Clustering in Machine learning.
		10:30 am – 1:00 pm	Approach to solve problem using ML.
		02:00 pm – 5:00 pm	Challenges for Machine Learning.
4	06/01/2024	10:00am – 10:30am	Azure Machine learning and high level architecture.
		10:30 am – 1:00 pm	Azure ML Experiment Workflow.
		02:00 pm – 5:00 pm	Azure ML Cheat Sheet for Model Selection.
5	07/01/2024	10:00am – 10:30am	Create the Azure ML Workspace
		10:30 am – 1:00 pm	View and manage workspace setting.
		02:00 pm – 5:00 pm	Explore the Azure ML Dataset.

SUMMARY REPORT

Title	Machine Learning
Name of Activity	One Week Value Added Course
Date	03/01/2024 to 07/01/2024
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Computer Engineering Department, SSIT and IQAC
Name of Expert	Mr. Aniket Pawar Software Engineer, Click2Cloud, Nagpur.
Participated by	Students of Computer Engineering Department, SSIT
Activity In-charge	Prof. Vaishnavi Vhora, Prof. Shradhdha Gawalkar
Content	The Expert lecture focuses on: 1. Introduction to Machine learning and Evolution. 2. Basic definition of ML and Mathematical background of ML. 3. Building ML Algorithm, Steps to build the machine learning model. 4. Linear regression and Classification Model, Clustering in Machine learning. 5. Introduction to Azure Machine learning and high level architecture.
Objective	The objectives of Guest Lecture was: 1. To provide the board survey of different machine learning approaches and techniques. 2. To understand the principles and concept of machine learning. 3. To develop programming skills that helps to build real world applications based on machine learning.
Summary	Expert Lecture was conducted by the department of Computer Engineering; SSIT Nagpur on 03.01.2024 from 10:00 am to 05:00 pm by Mr. Aniket Pawar, Software Engineer in Click2Cloud Nagpur has taken workshop on topic "Machine Learning" for Computer Engineering Students in Seminar Hall. Total of around 85 students and staff participated in this program. The speaker shared his career experience with us which were quite motivating for all the students. Expert enlightens the students with different topics of Machine Learning. He delivers the session with the help of some animated videos and PPT that explain what is Machine Learning, why Machine

	Learning, and Optimizations, Key concepts of Machine learning. At the end of the session students ask their doubt regarding the topics covered in session.
Outcome of Activity	<ol style="list-style-type: none">1. Solve typical machine learning problems.2. Design and implement various machine learning algorithms for real world applications Implementing automation, Security and Debugging data.3. Suggest supervised/unsupervised machine learning approaches for any applications.
