6.5.2 It reviews teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities.

Teaching Learning Process:

The teaching and learning processes are continuously reviewed by IQAC. The institute has a well-developed structure for effective implementation of the curriculum and it follows the academic schedule prescribed by the University. Also the institute prepares Institute academic calendar following the guidelines given by University academic calendar. Departmental academic calendar is framed by departmental In-charge in consultation with head of department on the guidelines given by university and institute academic calendar. Departmental academic calendar and teaching load distribution is conveyed to all the faculty members by head of department after meeting, well before the commencement of academic session. This provides sufficient time to the faculties to prepare well in advance, thereby resulting in well adopted conduction of academics in department. Each department's timetable coordinator creates the schedule in accordance with the regulations of the relevant statutory bodies regarding the number of credit hours for each topic before.

Each faculty prepares subject/teaching file for conduction of theory and practical courses. The teaching plan is prepared at the starting of the semester by referring university curriculum and it is strictly implemented.

We support the use of student-centered approaches to increase student engagement in experiential learning, participatory learning, and problem-solving methodologies.

1. Practical experience
2. Participatory education
3. Techniques for Solving Issues
4. Workshops, seminars, and guest lectures
5. Project Cell and the Digital Library
6. Case studies and project work
7. Field and industrial Visit/Tour.
8. Encouraging students to enroll for Massive open online courses (MOOCs) and get certification.

Appreciation Letter

Respected Sir,

It was a wonderful experience having you at Computer Engineering Department of Swaminarayan Siddhanta Institute of Technology, Kalmeshwar, Nagpur among all of us.

We thank you from the bottom of our heart for taking time from your busy schedule to be the expert speaker at our expert lecture. Your presence and wise words helped magnify our cause in the best possible way. Our expert lecture was a huge success. All thanks to your enlightening words that inspired so many students out there.

We look forward to our next interaction soon. Wishing you all the best for your future endeavors.

Date	03/02/24
Venue	Project Room, SSIT College
Organized by	Computer Engineering Department
Name of Expert	Prof. Lovelesh Yadav
No. of Participants	32
Activity In-charge	Prof. Vaishnavi Vhora
Content	<ol style="list-style-type: none"> 1. What is ethical hacking? 2. Importance of secure system. 3. Various threads over the internet
Objective	<ol style="list-style-type: none"> 1. To aware students regarding "Ethical Hacking" 2. How they can develop a career in this field?
Summary	<p>Expert Lecture was conducted by the department of CE, SSIT, Nagpur on 03.2.2024 from 12.00 pm to 1.30 pm. By Mr. Lovelesh Yadav, Vice Principal and HOD CSE, Sri Sai College of Engineering and Technology has taken expert lecture on topic "Ethical Hacking" for Computer Engineering students in Project Room. He has a completed certification of "Ethical Hacking". Total of around 34 students and staff participated in this program. The speaker explains the basics of hacking, the difference between ethical hacking and hacking. He explains several computer attacks. He gives roadmap to the students how they can become a successful ethical hacker. After his lecture the students were given time to interact with him. Students felt that the session was more interactive and informative. At the end of the expert lecture, two students gave their feedback, and explain how they were benefited.</p>
Outcome of Activity	<ol style="list-style-type: none"> 1. Students come to know what ethical hacking is, and how they can build a career in Ethical Hacking.

Appreciation Letter

To,
Mr. Aniket Pawar,
Software Engineer,
Click2Cloud, Nagpur.

Respected Sir,

I would like to take this opportunity to thank you for the stirring speech you gave us at the Value Added Course on "Machine Learning" organized by Computer Engineering Department, Swaminarayan Siddhanta Institute of Technology, Nagpur. Everyone present at the occasion was not only in awe of your knowledge, but also greatly impressed by your presenting style.

It was a great pleasure to listen to your wise words and learn so much from it. I take this opportunity to thank you on behalf of our entire committee and faculties who were captivated by your talk.

I am extremely grateful to you to touch on the topic "Machine Learning" in your speech and create so much awareness regarding the same. It would be our immense pleasure to invite you once more to spread awareness around the subject in the near future. Thank you once again!

Sincerely,

*Received

SUMMARY REPORT	
Title	Machine Learning
Name of Activity	One Week Value Added Course
Date	03/01/2024 to 07/01/2024
Venue	Swaminarayan Siddhanta Institute of Technology, Nagpur
Organized by	Computer Engineering Department, SSIT and IQAC
Name of Expert	Mr. Aniket Pawar Software Engineer, Click2Cloud, Nagpur.
Participated by	Students of Computer Engineering Department, SSIT
Activity In-charge	Prof. Vaishnavi Vhora, Prof. Shradhdha Gawalkar
Content	The Expert lecture focuses on: 1. Introduction to Machine learning and Evolution. 2. Basic definition of ML and Mathematical background of ML. 3. Building ML Algorithm, Steps to build the machine learning model. 4. Linear regression and Classification Model, Clustering in Machine learning. 5. Introduction to Azure Machine learning and high level architecture.
Objective	The objectives of Guest Lecture was: 1. To provide the board survey of different machine learning approaches and techniques. 2. To understand the principles and concept of machine learning. 3. To develop programming skills that helps to build real world applications based on machine learning.
Summary	Expert Lecture was conducted by the department of Computer Engineering; SSIT Nagpur on 03.01.2024 from 10:00 am to 05:00 pm by Mr. Aniket Pawar, Software Engineer in Click2Cloud Nagpur has taken workshop on topic "Machine Learning" for Computer Engineering Students in Seminar Hall. Total of around 85 students and staff participated in this program. The speaker shared his career experience with us which were quite motivating for all the students. Expert enlightens the students with different topics of Machine Learning. He delivers the session with the help of some animated videos and PPT that explain what is Machine Learning, why Machine

ABOUT COLLEGE

Swaminarayan Siddhanta Education Society, Nagpur, was established and registered in 2007. The college is accredited by AICTE (All India Council for Technical Education) and the Maharashtra government, and it is affiliated with Rashtrasant Tukadoji Maharaj Nagpur University in Nagpur. Through its student and faculty, flexible and dynamic curriculum, and dedicated research Institute with exciting research opportunities, the Institute has set standards in education and knowledge creation across various fields. The Institute provides a wide range of experimental, analytical, and computational facilities at the academic level, as well as state-of-the-art libraries, a high-speed Wi-Fi enabled campus, an auditorium, and online smart classrooms. The college has a unique front view, excellent infrastructure, well-equipped laboratories, a large library, internet access, a workshop, playgrounds, and a fully green campus.

ABOUT COMPUTER DEPARTMENT

Department of Computer Engineering was established in 2008 with a view of imparting state of the art education in cutting edge technologies of the world, the sanctioned intake in 2008 was 30 students per year. The Department has since seen tremendous growth in all areas. The Computer Engineering department is housed in an ultramodern complex, and has well equipped laboratories. Computer Engineering Department got AICTE approval for the Post Graduation Course, M.Tech in Computer Science and Engineering during the year 2008 with the intake of 12 Students per year.

The alumnus and the students are the stars of the department & have always excelled in University examinations and are well placed in the corporate sector globally. The department is always at the forefront when it comes to technology and to keep itself abreast with the newer happenings, it organizes several activities like guest lectures, seminars, workshops and industrial visits.

COURSE CONTENTS

The following topics will be covered in this One Week Value Added Course:

- Day 1: Introduction to Machine learning and Evolution. Basic definition of ML and Mathematical background of ML.**
- Day 2: Building ML Algorithm, Linear regression, Classification.**
- Day 3: Clustering, approach to solve problem Using ML, Challenges for ML.**
- Day 4: Introduction to Azure Machine learning and high level architecture.**
- Day 5: Setup Azure Machine learning workspace, view and manage workspace setting.**

Swaminarayan Siddhanta Institute
of Technology, Kalmeshwar,
Dist. Nagpur-441501

COURSE OBJECTIVES

- To provide the board survey of different machine learning approaches and techniques.
- To understand the principles and concept of machine learning.
- To develop programming skills that helps to build real world applications based on machine learning.

COURSE OUTCOMES

- Solve typical machine learning problems.
- Design and implement various machine learning algorithms for real world applications implementing automation, Security and Debugging data.
- Suggest supervised/unsupervised machine learning approaches for any applications.

RESOURCE PERSONS

The Resource Persons for the Workshop will be Eminent Professors and experts from other Esteemed institutions or Software Industries.
