Dear Students/Parents,

Welcome to Swaminarayan Siddhanta Institute of Technology, SSIT. I am delighted that you have chosen Engineering as your profession and pleased even further that Swaminarayan Siddhanta Institute of Technology is your chosen pathway to the career of your dreams. The career opportunities for engineering graduates in this era of globalization are immense. It is imperative that students are fully prepared to take advantage of these opportunities. SSIT will make every effort to create the perfect environment for you to sharpen required professional skills. One's personal initiative will become vital in order to make full advantage of the extracurricular activities and social opportunities available at SSIT.

Engineering education has been among the key enablers of growth for transforming India's economy. Though there is huge demand for the knowledge professionals, the quality of teaching and research will play a crucial role in the emergence of our country as a global knowledge leader.

Quality education provides vital inputs for enhancing productivity across sectors. To meet the growing demand for manpower there has been multi-fold increase in the number of engineering institution in the last two decades. The distinguishing factor between the different institutes will be the quality of training imparted to the student. This is the area where SSIT is very strong with highly qualified and experienced faculty members imparting in- depth knowledge in engineering.

The performance of each student is monitored and appropriate actions are taken to make sure that they receive the appropriate support to meet all requirements of the education program. The laboratories at SSIT are fully equipped with advanced facilities to foster the practical skills. The opportunity and facility that we provide will transform the enthusiastic student into a thorough engineering professional.

Many lectures and seminars by experts from industry as well as academia are given regularly to give the students insights into latest happening in business and technology and evoke their natural curiosity.

I assure you that your engagement with Swaminarayan Siddhanta Institute of Technology in the coming years will be enriching experience for you. I am confident that with the contemporary education and strong moral values at SSIT, you will march ahead triumphantly to capture all glory and success in your professional, social as well personal life. I wish you all the best for your career.

With best wishes.

INDUCTION PROGRAM

About induction program:

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Objectives of Program:

- 1) To help the engineering entrants adjust and feel comfortable in the new academic environment.
- 2) To furnish them with an ease of transition to mainstream engineering studies through the introduction of ethos and culture of the institution.
- 3) To help entrants build progressive and emotional bonds with peers and faculty members to self-explore and comprehend the larger purpose.
- 4) To inculcate the virtues of health and hygiene and help they realize the power of inner strength.
- 5) To revise and reform the seminal concepts to fill the lacuna and sensitize them towards exploring their academic interest and goals for excellence in academics.
- 6) To develop awareness, sensitivity, and understanding of the self, people around them, society at large, and nature.
- 7) To promote holistic development through the exposure of wide gamut of curricular, co-curricular and extracurricular activities.
